Important note regarding handicaps:
 The first handicap figure listed above is the handicap which was effective last week
 The second (on the far right) is this week's figure.
 A value of ??? indicates that any handicap that appears on your screens is probably wrong!
 If you find any discrepancies, please let me know.

=====INFORMATION=====

Please inform Jim regarding any differences between calculated handicaps and the handicaps that appear on your screens. Thanks.

CHANGES FOR 2010

You can register ten bowlers on your team

You only have to work out handicaps for new bowlers after their first week. On weeks two and three, the handicap will be calculated from what they have already bowled, and the games they bowl in weeks two and three will not have any bearing on their handicap.

BLIND SCORES - REMINDER

Please remember that when you are using a blind score, you must select the player who has played most games out of those who are not playing in your team. Don't assume that the four bowlers who appear on your screens at the start of the match are eligible. Also remember that the score should be FIFTEEN points lower than their average.

IF YOU ARE IN ANY DOUBT - ASK!

Teams who persistently get this wrong are likely to have points deducted!
